Sri M. MALLIKARJUNASWAMY.—Is it not a fact that orders of transfer were given to him two months earlier to his actual transfer?

Sri B. D. JATTI.—On 1st September 1958, the order was issued. Immediately a change was necessary. We have not given effect to that.

Cancellation of Polling Station at Radaratti Village, Athani Taluk.

Q.—1550. Sri V. L. PATIL (Raibag).—

Will the Government be pleased to state :—

(*a*) the number of villages in Raibag constituency in Belgaum District with their names, polling stations and population of each polling station as constituted in the last General Election held in 1957;

(*b*) whether polling stations are allotted on the basis of population ;

(*c*) if so, the reasons for not locating a polling station in Radaratti village in Athani Taluk although o her villages with less population were made polling stations;

(*d*) whether there was polling station at Radaratti in the General Elections held in 1952;

(*e*) whether it is a fact that polling stations were increased in 1957 as compared to those in 1952?

A.—Sri T. SUBRAMANYA (Minister for Law Labour and Local Government).-

(*a*) There were 96 villages in the Raibag Assembly Constituency, *i.e.*, 54

villages from Raibag Mahal and 42 from Athani Taluk. A list of the names of villages, polling stations and population of each polling station as constituted in the last general elections held in 1957 is placed on the Table of the House.

(*b*) The polling stations are not established on the basis of popualtion, but on the basis of number of voters and other principles laid down by the Election Commission, India.

(*c*) Does not arise in view of (*b*) above. It may however be stated that the polling station at Radaratti was located in 1952 in a small building adjoining Basavanna Temple and forming a part of it. This building could not be proposed for the location of polling station in the last General Elections held in 1957, in view of the revised instructions of the Election Commission to the effect that no polling station should be located in temples or places having religious significance. It appears that there was also no public building suitable for location of polling station at Radaratti.

(*d*) Yes.

(*e*) Yes.
